# MICHIGAN MUTUAL LIFE INSURANCE CO.

***DETROIT, MICH.***

**Organized 1867** **Assets $12,000,000.00**

The only Company which issues a regular 20 Payment Life Insurance Policy and guarantees to pay you back at the end of that time every dollar that you have paid in, or in the event of your prior death, to pay the face of the policy to your beneficiary. Or at the end of the twenty year period, they will give you paid up insurance for the face of your policy and a guarantee (not estimated) dividend of about 30 per cent of your premiums. This policy also provides that these dividends which are to be payable at the end of twenty years will pay the last four, five or six premiums, which varies according to age. In other words, this is the policy you want and every result is guaranteed. There can be no disappointment in a policy of this kind.

Be sure to investigate this policy before taking Life Insurance. Write us about it, giving your age, occupation and Post Office address.

We also represent practically all the leading Fire Insurance Companies and can give you the best protection of this kind to be had.

We represent the North America Accident Ins. Co. which issues an up-to-date line of Health and Accident policies. Rates reasonable.

If it is Insurance we've got it, and will place it in the best companies. We are members of an Agency which furnishes us complete information regarding the standing of all companies and we will not represent a company which is not thoroughly reliable. See us when in need of insurance of any kind.

TO THE BOARD OF EDUCATION:

Gentlemen: I herewith respectfully submit to you my annual report of the Public Schools of Wilkes County for the scholastic year ending June 30, 1914.

I desire to congratulate you upon the success of the work during the past year. In some respects it has been the most notable year in the history of the work in the county. I wish to call your attention to the table showing the progress of public education in our county since the year 1900. It is indeed a wonderful story and one of which we are justly proud.

With best wishes for the continued success of the work in our county, I am,

Most sincerely yours,

C. C. WRIGHT,

County Supt. of Schools.

Hunting Creek, N. C.
June 30, 1914.

## Graves'

# ZENITH

## Paint

(Scientifically Prepared)

Covers 300 to 350 square feet, two coats to the gallon.

You can buy all you want of the.

## Brame Drug Company

NORTH WILKESBORO, N. C.

Color cards cheerfully furnished free of any obligation on your part. Write now.

TO THE PEOPLE OF WILKES COUNTY:

Feeling that it is a duty we owe to the public to give an account of the progress of public education in the county each year and believing that the patrons of the public schools, the school officers, and the friends of education will be pleased to receive this information, and that a better knowledge of what our schools are doing will tend to create more interest in them we gladly present to you this our eleventh annual report trusting that the work done and the results achieved merit and may receive your approval.

Very truly yours,
C. W. WRIGHT,
County Supt. of Schools.

Hunting Creek, N. C.
June 30, 1914.

# HENRY-MILLER SHOE COMPANY

**Wholesale and Retail Shoes**

**NORTH WILKESBORO, N. C.**

We endeavor at all times to have the best shoes obtainable on the largest shoe markets of which Boston is the greatest.

We use our best efforts always to have the newest production in footwear.

Our stock is always full of the best staple style which so many people always need.

Our prices are always as low as can be on good dependable shoes, shoes which we know will give satisfaction.

When you have the opportunity, will appreciate a call from you to investigate our shoes and our prices.

We will be glad to meet you and have you make our store your home while in the town.

Respectfully,

## HENRY-MILLER SHOE CO.

RONDA HIGH SCHOOL BUILDING, RONDA, N. C.

## TEACHERS' ASSOCIATION

The meetings of the Teachers' Association have been well attended during the past year. Practically all the teachers of the county are members of this body and take an active part in the progress which our county has made along educational lines in the past decade. These meetings have enabled the teachers to meet and know each other. They have given them higher ideals, greater inspiration, and more love for the work in which they are engaged. The colored teachers have an association which meets regularly and which has done great good for the schools of that race.

## RURAL LIBRARIES

We now have one hundred and fifty-three original libraries in the county, one in every school both white and colored, and one hundred and fifty three supplements have been placed in these. It is a source of much gratification to see how extensively these books are being read by both parents and pupils. I desire to take this opportunity to extend my sincere and hearty thanks to the friends of education who have so greatly aided us in this library work. Without this aid many of the libraries which have gone into the schools of the county would not have been established. Wilkes county, by the way, has more original and more supplementary libraries than any other county in the State.

We have long since taken all the libraries both original and supplementary to which our county is entitled under the law and have on hand quite a number of applications waiting for the State aid to become available in December next. This, I take it, is one of the most unmistakable signs of our progress along the lines of educational development and one of the strongest indications that our people are becoming vitally interested in the success and welfare of their children, and are becoming rapidly alive to the vast importance of placing the world's best literature in their hands. The child who has access to a well selected library has a decided advantage over one less favorably situated. This thing

of libraries for the public schools is vastly more important than many of us with more books than we can read realize. Probably we do not stop to think that there are hundreds of pupils in our schools who hunger and thirst after good reading, who idle away the long winter evenings longing for something to read but without the opprtunity to satisfy their longing. It is for these children that books are necessary, books to feed their starving minds, books to incite them to intellectual growth, books to make them thinking men and women.

## THE TEACHERS' HONOR ROLL

In casting about for some new method each year to improve the efficiency of the teachers under my supervision, it occurred to me that as the honor roll for pupils in the schools here had accomplished so much that, perhaps, it might be wise to put into operation a similar plan for the improvement of the teachers professionally and otherwise. With this end in view I sent the following letter to every teacher in the county, both principal and assistant:

Dear Teacher:

In order to stimulate the work in the county I have decided to have published in my annual report of the schools of the county for the scholastic year 1913-14 an Honor Roll for the teachers. I shall be pleased to have you give the following information:

District in which you are teaching. Township. Race. Teacher. Address.

1. Are you a member of the County Teachers' Association?

2. Are you a member of the Teachers' Reading Circle?

3. Did you attend the last Teachers' Institute held in this county?

4. Did you attend the Township Teachers' Meetings this year?

5. Do you have desk copies of the text books which you are required to teach?

6. Do you read any educational journal? If so, what?

7. Have you raised funds this year for any purpose?

If so, state what object, and the amount raised.

8. Have you improved the house and grounds in any way? If so, state in what way, and the extent of the improvement.

9. Have you visited the patrons of your school this year?

10. Have you held any parents' meetings, debates, spelling matches, entertainments?

11. Have you enrolled any corn club boys, or domestic science girls

12. Will your school have an exhibit at the next county fair?

13. Did your school observe Good Roads Day, North Carolina Day, or Washington's Birthday?

Those answering 70 per cent. of these questions in the affirmative will be entitled to a place on the Honor Roll. Assistant teachers will answer questions 1, 2, 3, 4, 5, 6, and 9. Five questions answered in the affirmative will entitle the assistant teacher to a place on the Honor Roll.

This letter was sent out from the office here in January, and I am greatly pleased with the results already discernible. Some teachers who have never been noted for any efforts to accomplish anything worth while along educational lines have suddenly become exceedingly active in the work, while it has been quite an incentive to many others. The names of all who succeeded in getting on the roll were published in the local papers. The results have so far exceeded our most sanguine expectations that we have decided to make this idea a permanent feature of the educational work of the county. It has been very gratifying to read the letters which have come to the office from teachers, school officials and friends of education in which they express their hearty approval of the scheme. Of the two hundred and thirty-four teachers at work in the county during the past year one hundred and fifty-four succeeded in getting their names on the roll.

## CERTIFICATES OF MERIT

The award of a certificate of merit to all who were per-

fect in attendance during the past year played no little part in the increased enrollment and attendance here. There were four hundred and one children to receive these certificates of merit and they came to receive them at the County Commencement from one end of the county to the other. Some parents traveled fifty and sixty miles to and from the County Commencement and lost three days on the trip. This is but one instance of many that might be cited showing the ever increasing interest on the part of our people in all things that pertain to the education of our children. It shows unmistakably that they are determined to give their children a better chance in the race of life than was alloted to them. This feature of the work will be continued in the schools during the coming year.

## THE TOMATO GIRLS

The increase in the number of girls enrolled in the Tomato Clubs of the county has been truly remarkable. The enrollment last year reached thirty while this year it has gone to one hundred and sixty-four. The Department of Agriculture has made an appropriation to the work in this county for the purpose of securing three extra collaborators, the work being so heavy that it was found impossible for one person alone to look after it. Wilkes county has the distinction of leading the State in the organization of these Domestic Science Clubs, no other county, we learn, having anything like the enrollment found here.

Many of the girls who have engaged in this work since its introduction in the county have made handsome profits as a result of their labors. Some of these have made money to pay their way in school while others have helped to meet the expenses of the family. The lessons that these girls learn here will be of incalculable value to them in after life.

## THE BOYS' CORN CLUB.

The growth of this movement during the past three years has been phenomenal and Wilkes county today

has the largest Boys' Corn Club in the United States.

We were enabled last year through the kindness of the county board of education and the Fair Association to give a prize to every one of the contestants making a report of his yield of corn. We were enabled also to give a prize to each boy making an exhibit at the round-up meeting at Wilkesboro in November.

At the Wilkes County Fair in September the corn boys marched in the parade dressed in uniform and carrying banners. This was decidedly the most interesting feature of the occasion.

During the season of planting, cultivating and gathering the crop the boys received very helpful bulletins and letters from the Department of Agriculture containing valuable suggestions as to the best methods employed in Agriculture.

In my opinion this organization of the boys of our county is destined to mean more for the improvement of our people along agricultural lines than any other movement ever launched in the State. If we can succeed in inducing the boys in the schools as they grow up to manhood to learn more of scientific farming and to put the knowledge thus gained into actual practice we shall have done much toward solving the problem which confronts the tiller of the soil in this Southland of ours. There must be radical changes in the methods of farming which exist today in most parts of the country if we hope to ever make the business of agriculture renumerative and not only must it be made renumerative but more attractive if we hope to keep the boys who are worth while on the farm.

## THE COUNTY COMMENCEMENT

On May 29, 1914, at North Wilkesboro was held the fourth County Commencement in Wilkes. On that day teachers, school committeemen and those interested in public education gathered from all parts of the county and witnessed the graduating exercises of the class of 1914, one hundred and eighteen strong from the common schools. Each graduate was presented with a diploma

certifying that the holder had completed the common school course. This was indeed a gala day for the people of Wilkes and was in keeping with the educational developments for the past few years. To my mind this is the most forward movement of our people along educational lines yet undertaken. The County Commencement will be a permanent feature in the educational work of our county and no doubt it will be instrumental in inspiring many boys and girls to remain in school who would otherwise drop out in the lower grades. No doubt a number of these will go through the County High School thus securing the diploma given on the completion of the eleventh grade while some of these will go on to college and complete their education. Who can tell of the possibilities wrapped up in the County Commencement!

## THE READING CIRCLE

This circle embraces practically every active teacher in the county. We have one hundred teachers in the county who have completed the four years' course and who have been given Diplomas from the State Department of Education. Many others have completed one, two and three years of the course and have received their certificates of merit. This is the largest Reading Circle in the State we are told. This is indeed encouraging and shows conclusively that our teachers are determined to keep abreast with the times and have realized that in order to keep pace with the progress along educational lines they must identify themselves with every effort for professional improvement.

## THE WORK OF THE YEAR.

The year just closing has been the most successful one in the history of the work here.

The enrollment and attendance have really been phenomenal when we consider the per centage enrolled and in attendance in the county as a whole. In the increase in the valuation of school property, in the number of painted school houses and in many activities the progress has been truly gratifying.

During the year we have increased our number of Supplementary Libraries, the number of houses with bells, a number of buildings have been erected; while others have been repaired.

The banner which is offered each year to the school making the highest average attendance was won by the school at the Arbor, District No. 2 of Wilkesboro township, taught by Mr. and Mrs. U. A. Miller. The average daily attendance of this school was 86 per cent of the original census. The banner offered to the colored race was won by the school in District No. 1, Edwards Township, Mr. W. J. Bridges and Miss Eddie R. Harris teachers.

Our County High Schools at Wilkesboro and Ronda have done good work this year. These schools give free tuition to all public school teachers and to those pupils above the seventh grade. The school at Ronda has a course of study covering two years while that at Wilkesboro covers a period of four years preparing the student to enter college.

A well equipped dormitory is in operation at Wilkesboro where good board is furnished at ten dollars a month. At Ronda good board may be obtained in private families at reasonable rates while cottages are rented to those who wish to board themselves.

By means of circular letters, correspondence, the local press, the telephone, through visits and personal interviews I have endeavored to keep in close touch with the work this year.

In conclusion I wish to express my grateful appreciation of the assistance and cordial co-operation of the members of the Board of Education, the clergy, the bar, the press, the school committee, the teachers and friends of education all over the county who have given to me and to the cause of education their most loyal support.

With thankfulness to God for His blessings upon the educational work of the year now closing and relying on Him for divine guidance may we rededicate ourselves to the great task which lies out yonder in the future be-

fore us. May the friends of popular education be aroused to a sense of their duties, their responsibilities and their opportunities and let no one be content until proper educational facilities are provided for all, a comfortable building properly equipped and above all a teacher trainfor the work, one whose personality can touch, inspire and direct the boys and girls of the State; teachers who can open the eyes of the pupils to the opportunities lying before them, teachers whose lives are in every way an inspiration to their pupils and which will point them to higher, purer and nobler things.
